Increase the amount of omega 3 fatty acids in your diet (i.e. large cold water fish), green leafy vegetables, soy (use only fermented soy at about 30 grams per day), walnuts and pumpkin seeds, decrease saturated fat and limit or avoid trans fatty acids (hydrogenated margarines and vegetable oils).
4. Avoid artificial sweeteners, aspartame, Splenda® and saccharin (Equal®, NutraSweet®); use stevia, cinnamon and xylitol as sweeteners (½ teaspoon 2-3 times per day).
